Yes, that's correct. And as soon as we get that consent, we will work as quickly as we can to get AlterEcho's final signature and authorize them to proceed. We are already drafting the authorization so it will be ready to send.

Chris

I asked my HQs contacts who said that the submittal was just made to the Contracting Officer late yesterday. They will work as quickly as they can to get it approved.

Hi Alice,

ERG has submitted AlterEcho to the Contracting Officer for approval as a team subcontractor. We just need the Contracting Officer to formally respond with consent; then we can finalize the MSA and issue a quick "Authorization to Proceed."

Best,  
Chris

Any update on this Task Order? I was hoping to have had it started by now.

Hello Alice,

This Task Order has been awarded. We are in the final stages of onboarding AlterEcho but cannot have them start work until we have the Contracting Officer's consent to allow AlterEcho to be a subcontractor under the contract. I expect that shortly. It probably makes sense to wait to schedule our preliminary call until after we have received notification from the CO that AlterEcho is authorized. That way, they will be able to participate. Of course, we (ERG) can go ahead and schedule something if that is your preference.

I look forward to working with you.

-Laura
